Getting Started

New User Enrollment

1. You can enroll in Online Banking on your desktop computer or on your smartphones and tablets through our app. If on your computer, type www.lacapfcu.org into the address bar on your browser, then go to the Online Banking Login box on the Home Page and click Enroll.

2. This opens the Online Banking new enrollment account screen. Enter all the required information. It will be verified by comparing to the current information in our system. When finished, click Continue.

3. A new browser window will open congratulating you for having successfully enrolled in Online Banking. Follow the Go to Login link.

4. You will be directed to a page where you will select the delivery method for your Secure Access Code. This page will display the contact information on file for your account. Select either the phone or SMS text message option that will enable La Capitol to reach you immediately with your one-time Secure Access Code.

5. If the contact information we have on file is inaccurate or out-of-date, you cannot proceed further. Please contact us at 1.800.522.2748 to update your contact information.

6. When you receive your six-digit Secure Access Code, enter it on the access code screen and click Submit. The Secure Access Code is valid for only 15 minutes. If it expires before you use it, you must request a new one.

7. Enter a new password, then confirm the new password and click Submit. Be sure to follow the password guidelines listed on this page.

8. A view-only online profile screen will appear for you to review. It will be grayed-out and you cannot make any changes at this point. However, please note any contact information that needs to be updated. Once you have accessed Online Banking, you will be able to use the Address Change screen to make corrections. Click Next to continue.

9. The First Time User Disclaimer screen will appear. Read and acknowledge that you agree to the terms and conditions by clicking I Accept on both disclaimers.

10. Next, you will be asked if you would like to register your device. If you register your device, you will not have to request a new Secure Access Code when you use that device in the future.

   *In order for your device to be saved, your computer settings must be set to allow cookies to be saved on your browser.

11. Congratulations! You are now logged into Online Banking!
Getting Started

Logging In

After your first-time enrollment, logging in is easy and only requires your username and password. If you are logging in using a device that you have not previously registered, you need to request a Secure Access Code (SAC).

1. Enter your username and password.
2. Click the Login button.

Note: If you enter an incorrect password too many times, your account will be temporarily locked. Call us at 1.800.522.2748 for assistance.

Should I register my device?
If this device is a “private” device where you have exclusive access, you may want to register your device to have it recognized for future logins to save time. You should not register a public device where other people have access to the same computer, for example a computer at a public library.

Logging Off
As a secure practice, you should log off your session with La Capitol before you close out of Online Banking, or anytime you walk away from your computer. For additional security, La Capitol will log you out automatically due to inactivity or when your Online Banking session reaches the maximum time limit.
Getting Started

Resetting A Forgotten Password

If you happen to forget your password, you can easily reestablish a new one from the La Capitol home page—no need to call us!

1. Check the box next to “Forgotten Password?”
2. Enter your user name and click the Submit button.

Note: You may not be able to change your password if your account is locked or if you are resetting your password from an unregistered device.
3. Choose the contact method that allows La Capitol to reach you immediately with a 6-digit Secure Access Code (SAC).

4. Enter the SAC and click the Submit button.

5. Create a new password based on our password requirements and click the Submit button when you are finished.
Home Page

Home Page Overview

After logging in, you are taken directly to the Home page. This page is divided into three convenient sections to help you navigate to every feature within Online Banking. Here you can view your account summaries, the balances in your accounts and more!

Note: The letters correspond to several available features on the Home page.
A. The navigation bar appears in every view on the left side of the screen. You can navigate to Online Banking features by selecting the appropriate drop-down tab.

B. Your La Capitol accounts are displayed in an account card with its balance.

C. If you click an account name, you are taken to the Account Details page. You can also click the icon on the right side of an account card and select View Activity for more details.

D. The icon allows you to print a summary of current available funds in your accounts.

E. You can expand or collapse account details by clicking the icon.

F. If you click and hold an account card, you can drag and drop it to a new location to change the order in which your accounts appear.

G. The Quick Actions links in the top right corner let you quickly access different Online Banking features.

Deleting a Group

After a group is made, you can reorganize the Home page by deleting a group without removing those accounts from the Home page.

1. Remove all accounts from a group by clicking and holding an account tile and dragging it to another group and dropping it.
2. Click the Yes, delete button to delete the group.
Security

Protecting Your Information

By following our tips, Online Banking at La Capitol can be a safe and efficient method for handling your banking needs. For additional security tips, visit www.lacapfcu.org.

User Identification and Password

Security starts at your computer. Never share your username or password with anyone. Make sure your password is hard to guess by combining random numbers and letters instead of using your birth date, pet’s name or other personally identifiable choices.

Secure Sockets Layer Encryption

We use Secure Sockets Layer (SSL) encryption, a trusted method of securing internet transactions. This technology scrambles data as it travels between your computer and La Capitol, making it difficult for anyone to access your account information.

Secure Access Code

You need a Secure Access Code to access your accounts when you log into Online Banking with La Capitol for the first time or the first time from any new device. This code is delivered to you via phone call or SMS text message. You can opt to have your device registered so that you do not have to complete the Secure Access Code process the next time that you access La Capitol’s Online Banking system from that same device. If you delete the security certificate or “cookie” that recognizes your device as previously registered, you will need to request another Secure Access Code.

Online Banking Safety Tips:

- Ensure your web browser, operating system, anti-virus software, and other applications are current and support 128-bit encryption.
- Memorize your passwords and change them regularly.
- Exit your La Capitol Online Banking session when finished.
- Do not leave your computer unattended when logged into Online Banking.
- Do not use public computers or unsecured WiFi when accessing.
- If you receive an error when logged into your account, report the error to a Personal Assistant Line Specialist at 1.800.522.2748.
La Capitol will never send unsolicited emails asking you to provide, update, or verify personal or confidential information via return email. If you receive an email inquiry allegedly from La Capitol, please report the incident to us as quickly as possible. To mitigate the risk of online fraud and identity theft, your first and best protection is awareness.

**Phishing**

Phishing is an online scam tactic that is used to lure users into unknowingly providing personal data, such as credit card information or username to gain the trust of unsuspecting targets and convince them that vital information is being requested by a vendor they may already have a relationship with, such as their financial institution.

**Identity Theft**

It is important that you are aware of the dangers of identity theft. Identity theft can occur when criminals find a way to steal your personal or other identifying information and assume the use of that data to access your personal accounts, open new accounts, apply for credit, purchase merchandise, and commit other crimes using your identity.

**Logging Off**

As a secure practice, you should log off your Online Banking session with La Capitol before you close out of your session, or anytime you walk away from your computer. For additional security, La Capitol will log you out automatically due to inactivity or when your session reaches the maximum time limit.

**Fraud Prevention Tips:**

- Do not open email attachments or click on a link from unsolicited sources.
- Avoid completing email forms or messages that ask for personal or financial information.
- Do not trust an email asking you to use a link for verification of login or account details.
- Monitor your account transactions for unauthorized use.
- Shred old financial information, invoices, credit receipts, checks, unwanted pre-approved credit offers, and expired credit cards before disposing of them.

Member to Member Transfer

If you have a friend or relative who banks with La Capitol, Member to Member Transfer allows you to send them immediate money. By using their account number, account suffix, account type and the first three letters of their last name, you can send them electronic payments and link their account for future deposits.

**Linking Someone’s La Capitol Account**

Instead of typing in someone’s information every time you send them money, you can conveniently link their account for future deposits.

In the **Services** menu, click **Member to Member Transfer**.

1. Click the **Link Account** button.
2. Enter the account number that you would like to link.
3. Enter the suffix number.
4. Select an account type from the “Account Type” drop-down.
5. Enter the first three letters of the recipient’s last name.
6. Click **Submit** when you are finished.
Single Transfers Between La Capitol Accounts

If you only need to send money to someone once, you can generate a single transaction to that person.

In the **Services** menu, click **Member to Member Transfer**.

1. Click the **Single Transfer** button.
2. Select the account to take funds from using the “From Account” drop-down.
3. Enter the account number that will receive the funds.
4. Enter an amount.
5. Enter a Suffix number.
6. Write a description of your transfer.
7. Select the recipient’s account type using the “Account Type” drop-down.
8. Enter the first three letters of the recipient’s last name.
9. Click **Submit** when you are finished.

Adding A Personal External Account

Your private accounts at other financial institutions can be linked to Online Banking with La Capitol so you can transfer money between two banks without ever leaving home! When you go to add another account, you are asked to verify your ownership of that account by confirming two small deposits La Capitol makes into the external account.

In the Services menu, click Add External Account.

1. Enter the account number.
2. Select the type of account using “Account Type” drop-down.
3. Enter the financial institution’s routing number. These numbers are located at the bottom of a paper check or deposit slip from your check book.
4. Click the Continue button.

In two to three business days, 2 micro-deposits will appear in your external account. Once you receive those deposits, go to the Verify External Account tab to add the account.
Transactions

Verifying A Personal External Account

As soon as La Capitol makes 2 small deposits of less than a dollar into your external account, you are asked to verify those amounts within Online Banking. Once they are confirmed, you can begin transferring money to the outside account.

In the Services menu, click Verify External Account.

1. Select the account you would like to verify.
2. Enter the amounts of the 2 micro-deposits that have been made into your external account.
3. Click the Submit button when you are finished.

Activity Center Overview

All transactions initiated through Online Banking appear in the Activity Center. All single and recurring transactions as well as deposited checks show in the Activity Center along with stop payments.

In the **Accounts** menu, click **Activity Center**.

A. Click an appropriate tab at the top to view **Single Transactions**, **Recurring Transactions** or **Deposited Checks**.

B. Use the search bar to find transactions within that account.

C. Print the Activity Center page by clicking the 📄 icon. Export your transactions into a different format by clicking the 📄 icon.

D. Click the ▾ icon next to the Created, Status, Transaction Type, Account or Amount columns to sort transactions.

E. Click on a transaction to view more details.

F. Select **Actions** to perform additional functions.
Using Filters

What appears on the Activity Center can be customized using various filters. You can also choose up to six columns to display, so you can swiftly find what you’re looking for each time.

In the Accounts menu, click Activity Center.
1. Click the Filters icon to create a custom view of your transactions.
2. Create a custom list of transactions using these filters.
3. Filter the type of transaction you are looking for using the “Transaction Type” drop-down. Column names with check boxes appear. Select up to six boxes.
4. Click the Apply Filters button when you are finished.

Creating or Deleting Custom Views Using Favorites

After applying specific filters, you can save that view of the Activity Center to Favorites, making it easier and faster to search, print or export transactions. You can always delete Favorites if they are no longer useful.

In the Accounts menu, click Activity Center.
1. Apply filters and click the “Favorites” link.
2. Click the + icon to create a new favorite template.
3. Enter a name for your new custom view.
4. Click the Save button when you are finished.
5. Click the X icon to remove a custom view from your Favorites.
Canceling Transactions

The Activity Center shows all pending transactions that have not posted to your account. You can also cancel pending transactions up until their process date.

In the **Accounts** menu, click **Activity Center**.

Creating a Payee Overview

The individual that receives your payments is known as a payee. Before you can begin making payments, you need to decide what type of payee to create and how they receive funds.

- **Company**: Electronically pay a company such as your mobile phone provider, utility company or even your dentist.

- **Person**: There are multiple ways you can pay a person.
  a. **Person via email**: Pay any individual with an email address. When the payee receives the email, they are offered instructions for directing the funds to their account.
  b. **Person via text**: Pay any individual with a mobile phone number. When the payee receives the text, they are offered instructions for directing the funds to their account.
  c. **Person via Pay An Individual**: Send money directly to someone’s account using their routing and account numbers.
  d. **Person via check**: Request a check to be sent to a payee. We print it and drop it in the mail for you.

- **Pay a loan, credit card or account**: Your payment is applied directly to your loan or credit card.

**Note**: Not all companies are set up for electronic payment. These bills will be paid via paper check.

Creating a Payee: Company

The information printed on your bill is all you need to set up a company as a payee. When creating your payee, there are two types of companies you can add: Known and unknown.

**Known:** If the company you need to pay is preloaded in our database, you have the option to send a Rush Delivery or sign up for eBills. For more information, visit page 61 for a Rush Delivery and page 67 for eBills.

**Unknown:** If you have a payee who is not in our system, no problem! You can add their contact information, but you may not be able to send a Rush Delivery or sign up for eBills. They will be paid via a paper check.

In the Transactions menu, click on Bill Payment.

1. Click the + Payee button.
2. Select “Pay a company” and click the Next button.
3. Enter the payee’s name, account number, phone number and zipcode.
4. Click the **Next** button.
5. (For Unknown Payees) Enter the payee’s street address, city and nickname.
6. Click the **Next** button to create the payee.
Bill Pay

Creating a Payee: Person

You can pay anyone, such as a babysitter, dog-walker or a freelance worker, by creating them as a payee in our online bill pay system.

Part 1 of 3: Choosing Payee and Payment Method

To begin setting up a person as a payee you need to decide how they need to receive their funds. The three ways a person can receive funds is through email, direct deposit or check.

In the Transactions menu, click on Bill Payment.

1. There are two options to add a person as a payee.
   a. Click on the Payments tab and click the Add a Payee button
   b. Click on the Pay a Person option.

2. Select “Pay a Person” and decide how to send funds to the payee.

3. Click the Next button.
Part 2 of 3: Adding Payee Information

To create a person as a payee, you need to provide their contact information. The required information changes depending on if you are sending them a check, direct deposit or email payment.

1. Enter the required information based on which delivery option you choose.
   
   - **Email/Text:** Enter the payee’s first and last name, their text number or email address, phone number, nickname and the account to pay from.
   
   - **Direct Deposit:** Enter the payee’s first and last name, their phone number, routing and account number, account type, nickname and the account to pay from.
   
   - **Check:** Enter the payee’s first and last name, their phone number, street address, city, state, zipcode, nickname and the account to pay from.

2. Click the **Next** button.
Part 3 of 3: Keyword (Email/Text Only) and One-Time Activation Code

There is an additional step if you’re paying a person via email/text transfer: Establishing a keyword, which will be used by the payee in order to receive your payment.

No matter which kind of transfer you are sending, you need to create a one-time activation code, This code is an added security measure that ensures you, the account owner, are creating the payee.

1. Enter a keyword and confirm it. This step is only needed if you are adding a payee that will receive funds in an email.
2. Click the Next button.
3. Select a preferred delivery method to receive your activation code.
4. Click the Next button.
5. Enter your activation code.
6. Click the Next button.
7. The new payee appears on the Payment screen.

Creating a Payee: Bank or Credit Union

You can set up a financial institution as payee in order to apply payments to your loans, credit cards or other accounts, all in one convenient place. For example, you can make a payment to a student loan at a different financial institution, preventing you from missing a payment.

Part 1 of 2: Entering Bank or Credit Union Information

To begin setting up a bank or credit union as a payee, you need to choose if you are adding a loan or credit card. Then you add the required information such as the account and routing numbers.

In the Transactions menu, click on Bill Payment.

1. Click the + Payee button.
2. Select “Pay a bank or credit union”.
3. Choose the account type.
4. Click the Next button.
5. Enter the payee’s name, account number, phone number and zip code. You also need to enter the street address, city and nickname of the bank or credit union and select which account you’d like to transfer from.

6. Click the **Next** button.
Part 2 of 2: One-Time Activation Code

The last step is to receive and enter a one-time activation code. This is an added layer of security to ensure that you, the account owner, are creating this payee. If you are sending funds via an email transfer, you also need to establish a keyword.

1. Enter a keyword and confirm it in the provided space. This step is only needed if you are adding a payee that will receive funds in an email.

2. Click the Next button.

3. Select a preferred delivery method to receive your activation code.

4. Click the Next button.

5. Enter your activation code.

6. Click the Next button. The new payee then appears on the Payment screen.

Initial Setup

Setting up financial goals for yourself is just as important as establishing a budget. As you move closer to your objectives, our Personal Financial Management service not only serves as a rearview mirror to see how far you have come, but also as a map, so you can see how much further you need to go. The path toward funding expenses such as a home, vacation or even the tuition for a new career becomes clearer and easier to manage.

The tools within PFM help you calculate your net worth, set budgets, view your spending habits and trends and set up a debt payment plan.

Linking an Account

Before you can begin setting up your financial goals, you need to link all your accounts, items you own and debts.

1. Click the **Link Account** button.
2. Locate your financial institution using the list or the search bar.
3. Enter your user ID and password for each account.
4. Click the **Continue** button to finish linking an account.

Link an account from your Home page.
Categorizing Transactions

In order for our Personal Financial Management tools to work properly, make sure your transactions are correctly categorized. When all your accounts are linked to PFM, your transactions are automatically categorized. Common categories include: gas/auto, entertainment, medical expenses, rent and utilities. If a transaction needs to be reassigned, you can manually edit the category.

Each category has a corresponding icon assigned to it to help quickly identify a transaction's financial category. These icons are displayed next to each transaction in the Account Details page.

Click an account to view the Account Details page.

1. Click a category icon to edit the category.
2. Select a new category from the sidebar.
3. Click the + Add Sub-Category button to add a different sub-category.
4. Enter the sub-category’s name and click the button.
Splitting a Transaction

PFM offers the ability to split one transaction to represent multiple categories. For example, if a shopping trip needs splitting into multiple categories such as grocery, pharmacy and home supplies, you can review your receipt and split the total charge across multiple categories.

Click an account to view the Account Details page.

1. Click a transaction to split.
2. Click the icon to split a transaction into multiple categories.
3. Enter the amount in the text box.
4. Click the category icon to edit the new category.
5. Click the + Add Split button to add additional categories.
